Richard Palliser : Tango! A Dynamic Answer to 1d4 (Everyman Chess) before purchasing it in order to gage whether or not it would be worth my time, and all praised Tango! A Dynamic Answer to 1d4 (Everyman Chess):

Tired of constantly defending passive positions with the black pieces? Looking for something new and exciting to unleash at the chessboard? This book provides an answer to these perennial questions. International Master and

renowned openings theoretician Richard Palliser presents a complete repertoire for Black against queen's pawn openings based on the dynamic and very much underrated Black Knights Tango. Using illustrative games, Palliser gives a thorough grounding on the key tactics and strategies behind this ambitious opening, while also highlighting the various tricks and traps that both sides have to watch out for. Studying in depth both the main lines and White's more offbeat tries for an advantage, Palliser gives the readers the required knowledge and confidence to immediately try the Tango in their own games. *An easy-to-learn repertoire for club and tournament players* Written by a Tango expert *Covers all of White's possibilities
