David I think Tarot card reading is not about predicting the future like what most of us think of. I believe it is used to give a spiritual light to see the possibilities that may exist in our path. Unlike the astrological signs and chinese zodiac, I am not that familiar with tarot cards and that inspired me to read books about it. This beginners guidebook explained each cards character and their symbolism with good details. I was just hoping that there were illustrations of the characters, having the idea on how they really look like could have had enabled me to establish a better understanding of its symbolic meaning. However,, this book was still able to give the information I need as someone without much knowledge of tarot. If tarot card reading is something that amazes you, learn its magic in this book. About the Author Michele Gilbert was born and raised in Brooklyn, New York. Drawn to literature and writing at a young age, she enrolled at Brooklyn College and majored in English. After graduation Michele did not begin writing immediately, instead she embarked on a career in the finance industry and spent the next thirty years on Wall Street. Serendipity struck when she least expected it. After ending a long-term relationship, Michele found herself lost and unsure what the future held. She began to read books on grief and loss, looking for answers. Those led her to delve deeper into the Law of Attraction and its power. What resulted was remarkable. Not only had she begun to heal, she had also rekindled her former love of writing and discovered her life's purpose. The years have taken her through many twists and turns, but she learned valuable lessons along the way. Today she writes books-mostly self-help and metaphysical in nature-and feels compelled to share her knowledge with those facing similar experiences. Her greatest hope is to inspire others and show them ways to overcome adversity and gracefully accept life's inevitable low points. Going forward, she plans to incorporate more teachings of self-help, finance and meditation. Regular meditation is very beneficial to her progress as she forges a new life. Morning rituals and positive incantations are other practices Michele embraces; they are very restorative in daily life. As an avid hiker, Michele and fellow club members often hike the picturesque Jersey Pine Barrens. She is a history buff, voracious reader, baseball fanatic and a foodie. She also proudly supports Trout Unlimited-a national non-profit organization dedicated to conserving, protecting and restoring North America's Coldwater fisheries and their watersheds. Michele currently resides forty minutes from Atlantic City and the Jersey Shore. She makes her home with a Blue Russian rescue cat named Jersey, though she isn't exactly sure who rescued who.
