I decided to have a look and read it first and I was pleasantly surprised. The writing was terrific and Parker told the story of Taylor Swift's journey from birth to super stardom very cinematically and with a ton of heart. Five stars.1 of 1 people found the following review

Taylor marched up to the woman behind the front desk and went into gear. "Hi! I'm Taylor Swift! I'm eleven and I want a record deal!" She handed the woman her CD. "Call me!" she said and flashed her a cheery smile. "She thought I was cute," Taylor said when she was back in the car. "The usual. Go away and come back when you're eighteen." Taylor stared out the side window as her mother drove slowly down Music Row in Nashville, Tennessee. As they passed by the famous Bluebird Cafe, she said, "Someday I'm going to sing here."
