The crossword clues and puzzles are great, in the tradition of TCM, but just a warning that the clue print is very small, and so are the spaces to write in the letters. My mom had a very difficult time even reading it, so I photocopied the pages larger for her, and that helped. I recommend that TCM consider making this a much larger sized book, with larger print and letter spaces. After all, it will be the "classic" people who will be most apt to enjoy classic movie crosswords!0 of 0 people found the following review helpful.
