**Shelley Jagow : Teaching Instrumental Music: Developing the Complete Band Program** before purchasing it in order to gage whether or not it would be worth my time, and all praised Teaching Instrumental Music: Developing the Complete Band Program:

1 of 1 people found the following review helpful. The only one...By Kindle CustomerI haven't found another comprehensive resource for Secondary Instrumental Methods. This one is quite good; like many things writte for Education classes, however, it sometimes gets bogged down in needlessly technical language. Readability suffers, but the information is sound.0 of 0 people found the following review helpful. Teaching Instrumental MusicBy Michael L. BreauxThis publication is fairly complete in the offerings and is going to become an essential component of my

Instrumental Music Education classes. The DVD has numerous forms that my students have found very useful. A useful addition to my library. 0 of 0 people found the following review helpful. Excellent Resource  
By music is everything  
This book has a very thorough set of topics for music teachers old and new! I have been teaching for 17 years and still find things I can use.

(Meredith Music Resource). This book is a unique resource for both novice and experienced band directors, gathering effective teaching tools from the best in the field. Includes more than 40 chapters on: curriculum, "then and now" of North American wind bands, the anatomy of music making, motivation, program organization and administrative leadership, and much more. "A wonderful resource for all music educators! Dr. Jagow's book is comprehensive and impressive in scope. An excellent book! Bravo!" Frank L. Battisti, Conductor Emeritus, New England Conservatory Wind Ensemble
