Arik Eyal : Tell-Me Tarot before purchasing it in order to gage whether or not it would be worth my time, and all praised Tell-Me Tarot:

1 of 1 people found the following review helpful. Fun introduction to tarot
By CathyCute little tarot deck for kids or rookies or maybe to introduce tarot to someone with negative assumptions about it. Images similar to the RWS decks but not really meant for reversals. Each card has a little summary of the meaning of the card and it blends the reversed and upright meanings. Good for playing if you have no desire to learn all the traditional meanings or as a intro to tarot.
4 of 4 people found the following review helpful. I love this deck and it has not once failed me
By shahdee
IMPORTANT : Please do not purchase any other deck but this one. Just based on the accuracy alone it will blow you away. It will tell you exactly what is going on and how to proceed. Very accurate with self readings as well as reading for future clients. I love this deck and it has not once failed me. I have read for over 300 people with this deck and I also use it for myself from time to time. Accuracy is on point ! Get this deck you won't be disappointing. I have spent so much money on decks and this is where my journey for decks end!

By Witchy Kid
I saw this tarot at Janet Boyer.com and on Youtube. I have been trying to learn tarot for years but trying to memorize multiple meanings and correspondences has always gotten in the way. This is the first deck that has made it simple for me to love tarot and hasn't been relegated to the dusty bookshelf. The pictures look like a block print- but this isn't a bad thing. I find them charming. They make sense with what meanings they are trying to convey. I also like the meanings. For example I have also thought of the Knight of Swords as "rushing" and the eight of wands as "speed". There is subtle difference but enough to trip me up. The Tell-me-tarot has the Knight as "rushing" and the eight as "rain of activity", it makes me look at it from a whole different angle. If there is a danger here, its in getting bogged down with these over other meanings, but as long as you keep an open mind that other meanings for the cards are possible then you shouldn't get into any trouble. As for the nuts and bolts, this deck is illustrated throughout. There is a picture on each card that matches its meaning, as I said before. The backs have a sun and moon pattern on a light blue background that is just as whimsical as the arcana. The set also comes with two instruction cards and two cards with sample spreads to get you started. There is no little white book (LWB) but since the meanings are printed on each card you don't need one.
Bright Blessings, Witchy Kid

With charming artwork and written meanings on each card, this deck makes Tarot accessible to everyone- even beginners and young people. Tell-Me Tarot makes it simple to ask a question, choose a card, and receive an answer.
