Maple Tree Books : Terraria Tips, Hints, Cheats, Strategy And Walk-through before purchasing it in order to gage whether or not it would be worth my time, and all praised Terraria Tips, Hints, Cheats, Strategy And Walk-through:

MorelloI guess I missed that this book isn't printed in color. That would make a huge difference probably in the eye candy department. Looks like the only Terraria book out there, though, so I'm glad they published it. My son says he likes the book, though, and has learned some helpful tips. He just doesn't pour over it daily as with his Minecraft tips books.1 of 1 people found the following review helpful. WorthlessBy Dr. RosenRosenTerrible. I was hoping for something for my son who already has about a hundred hours playing Terraria for late-game tips and advice that I couldn't help him with. No in-depth game information that you can't figure out after a few hours of playing on your own. Hardly worth the paper it's printed on, let alone the asking price. I regretted

choosing this over another item as soon as I opened it. 2 of 2 people found the following review helpful. GarbageBy AnthonyJust a cheap book someone put together to make a quick buck. There isn't even a crafting list. It's more valuable as tinder for a fire.
