John T. Gollehon : Texas Hold 'em Take the Money! before purchasing it in order to gage whether or not it would be worth my time, and all praised Texas Hold 'em Take the Money!:

0 of 0 people found the following review helpful. HELPFUL READ FOR POKER PLAYERS!By ethericangelGREAT LITTLE BOOK!2 of 2 people found the following review helpful. Wow...this sucks.By Bluff HoleThis book is essentially a glorified pamphlet. 64 pages total and more than half the book explains the rules and why Texas hold'em is popular. His strategy summed up is that you have to be tough at the table. Great! Now let me go

and lose all my money. The author's photo on the back of the book is great, he looks like Lee Majors. 1 of 1 people found the following review helpful. This author took my money. By V. Houck I read at least a book a month. I can honestly say, this is the first time I felt robbed after I finished a book. This offers absolutely no strategy for Texas Hold 'em. It is poorly written. I would not recommend this author to anyone. It's a shame that the publisher allowed this book to be published.

Book by Gollehon, John T.
