This is the first dance book that breaks down the BEGINNERS dance classes. I don't follow this exactly, but I appreciate it as a reference in structuring a curriculum that develops young dancers.2 of 2 people found the following review helpful. Not a good buy for my classical ballet kiddosBy JamieHas a few ideas that would be alright for my classes... designed for kids classes that are one hour long and include ballet, tap and tumbling packed into one. Not a good buy for my classical ballet kiddos. Would be alright for studios that teach multiple styles.2 of 2 people found the following review helpful. A good resource book for ballet teachers!By SHAMA ELLIOTTI was searching for an introductory ballet book since I teach 3-10 yrs old. Often times as dance instructors we get stuck and this gives you ideas as well as validates that your curriculum falls in line with industry standard. Thanks so much and if there's a follow-up book I'd love to purchase another book by Gina Evans.
