**The Editors of Phaidon Press : The 21st-Century Art Book** before purchasing it in order to gage whether or not it would be worth my time, and all praised The 21st-Century Art Book:

0 of 0 people found the following review helpful. Five StarsBy online shoppergood1 of 2 people found the following review helpful. I feel the book probably represented the 21st century art ...By deborah goochI feel the book probably

represented the 21st century art scene, but I personally couldn't relate to it as art. Because so much was video or photographic work it was hard to give the viewer a feel for the pieces. Believe it or not there are some 21st century artist still using paint. 0 of 3 people found the following review helpful. Five Stars By Keiran Smalley Nice over view of 21st century art

The 21st Century Art Book is an A-Z guide of contemporary artists featuring established world figures Maurizio Cattelan, Cindy Sherman, Jeff Wall alongside rising stars of the next generations. Global in scope, the book features work from 50 countries across a variety of mediums, from painting, drawing, and sculpture to digital art, video installation, and performance. Each of the 280 artists included has a dedicated page pairing a significant artwork from his or her oeuvre with lively and informative text. An international directory of major art events along with a helpful glossary round out the package, making this both a must-have resource and a beautifully illustrated celebration of contemporary art.

"A very significant AZ of 21st Century artists from big names like Grayson Perry and Banksy to rising stars like Lucy Mackenzie and Theaster Gates. Illuminating ... Prepare to be inspired." HungerTv.com About the Author Conceived and edited by Phaidon Editors
