Kevin McCann, Mark Diehl : The 21st Century Crossword Puzzle Dictionary before purchasing it in order to gage whether or not it would be worth my time, and all praised The 21st Century Crossword Puzzle Dictionary:

I thought this would be updated, but all they did was print it on a smaller page and delete a lot of information. There is no updating of clues dealing with computers or texting. If you want a small hard to use book this is it. I don't think it will last half as long as my previous. 7 of 7

And though I've only started using it, so far this dictionary does that. This book advertises itself as the most thorough, but concise crossword puzzle dictionary. I haven't checked them all, but from what I've seen, I don't doubt it. Before ordering, when I saw the page count of 1376 pages (which is correct) and only 1.3 pounds, I thought there was a typo. But it's correct, its chunky but not unwieldy. And the paper quality is still good. One possible issue/caution: without my reading glasses on I had to squint a bit to read the introduction and notes on how to read the book. But the rest of the book was large enough type that I was fine even without the reading specs. Two other books you may find of interest:- For those who are definitely serious about linguistic word play should enjoy: Making the Alphabet Dance: Recreational Wordplay- A more accessible guide to for a range of skills and interests (from easy fun to very challenging): THE Book of Word Games: Parlett's Guide to 150 Great and Quick-to-Learn Word Games65 of 66 people found the following review helpful. The 21st Century Crossword Puzzle Dictionary ReviewBy Felicia WilliamsThis crossword dictionary is a great buy for anyone who does a lot of crosswords. There are up to date pop culture references, great lists and even an index at that end which tells what lists are included. The most used clues are highlighted. I am definitely glad I purchased this dictionary. I have The Million Word Crossword Dictionary which is a nice crossword dictionary but does not include the comprehensive lists that this dictionary contains.
