These trio although they have totally different personalities do compliment each other pretty well and their being mischievous is never annoying. I love the way this book is written, it is very well illustrated and it brings out the kid in every adult and makes a teen-age boy giggle and grin. Definitely a must read! 2 of 2 people found the following review helpful. Rasheed creates a fun and exciting world that your kids will love to ... By edward barrett Rasheed creates a fun and exciting world that your kids will love to be a part of. The illustrations are great and will nurture their imaginations. The story is well thought out and will keep your kids attention. One thing I liked most about this book: You don't have to like Minecraft to enjoy it. A perfect read for your kids. I highly recommend! 1 of 1 people found the following review helpful. Awesome Book!!! By Patricia Strickler Awesome Book!!! This author is a amazing. Minecraft Minions is the absolute cutest kids book I have seen in a long time. Engaging and funny and keeps you going through the whole book. It's different!!! Not the same old nursery rhymes. I hope the author makes many more kids books. Truly one of the very best.
