**From Brand: John Libbey Publishing : The Animated Film Collectors Guide: Worldwide Sources for Cartoons on Videotape and Laserdisc** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Animated Film Collectors Guide: Worldwide Sources for Cartoons on Videotape and Laserdisc:

In the age of video, nearly every film ever made is available on video somewhere. The only problem is finding it. This guide lists, both title and producer, nearly 3000 animated films, the sources of their video copies, with the sources' telephone, fax numbers, postal address, and e-mail. Included are many hard-to-find films. This is the only source of information you will need to track it down. An added bonus is a listing of more than 200 films that have won major

prizes at animation festivals and/or placed on animation polls.

About the Author David Kilmer has been a lifelong fan and student of animation. He is currently at work on a live action screenplay that incorporates animation. He lives in Los Angeles, U.S.A.
